Art Unit: 3727

***Response to Amendment***

The reply filed on May 2, 2005 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Amended independent claims 1,33, 65, and 108 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: independent claims 1,65, and 108 set forth the collection device as a collapsible container and a concrete reservoir which is disclosed as a truck in the instant application, and claim 33 sets forth the collection device as a collapsible container and a support frame, wherein the support frame is not set forth in the instant applicant as forming a portion of the inventive collapsible bag.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-7,15-21,24-30,32-39,47-53,56-32,64-71,79-85,88-94,96,108, and 109 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Wherein the claims are withdrawn, there are no claims currently present for consideration on the merits.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

In order to reduce pendency and avoid potential delays, Group 3720 is encouraging FAXing of responses to Office Actions directly into the Group at (703) 872-9306. This practice may be used for filing papers not requiring a fee. It may also be used for filing papers which

Art Unit: 3727

require a fee by applicants who authorize charges to a PTO deposit account. Please identify the examiner and art unit at the top of your cover sheet. Papers submitted via FAX into Group 3720 will be promptly forwarded to the examiner.

It is called to applicant's attention that if a communication is faxed before the reply time has expired, applicant may submit the reply with a "Certificate of Facsimile" which merely asserts that the reply is being faxed on a given date. So faxed, before the period for reply has expired, the reply may be considered timely. A suggested format for a certificate follows:

I hereby certify that this correspondence for Application Serial No. \_\_\_\_\_ is being facsimiled to The U.S. Patent and Trademark Office via fax number (703) 872-9306 on the date shown below:
